Employer's Signature & Title/ Firma y Titulo del Empleador READ CAREFULLY: In view of the statutorily established basic function of the Employment Service as a no-fee labor exchange, that is, as a forum for bringing together employers and job seekers, neither the ETA nor the State agencies are guaranters of the accuracy or truth-full-riess of information contained on job orders submitted by employers. Nor does any job order

accepted or recruited upon by the One-Stop Career Center constitute a contractual job offer to which the One-Stop Career Center, ETA or a State agency is in any way a party. LEASE CUIDADOSAMENTE: En vista de su función básica establecida estatutariamente el Servicio de Empleo es un intercambio gratis de trabajo para juntar a los empleadores y

All references in the Clearance Order to "crews" or "crewleaders" apply only to those persons who are properly licensed as Farm Labor Contractors or those persons who are members of crews of such Farm Labor Contractors and those references do not apply to individual workers who are not members of a crew.

The following provision shall apply only to crews and crewleaders and shall not apply to individual workers who are not members of crews. Crewleader may expect complete examination under the Migrant and Seasonal Agricultural Protection Act (MSPA) for compliance upon arrival. Employer will not accept referrals of crewleaders currently acting in violation of MSPA and will report any crewleader arriving violating MSPA to the appropriate enforcement branch of the Employment and Standards Administration. Crewleader must furnish complete roster of crew members upon arrival at work site, and depending on the functions to be performed and the extent to which such functions are to be performed, crewleader would be responsible for the following items.

- 1. Crewleaders referred against this job order must have a current and valid farm labor contractor registration as required my MSPA which includes a current transportation authorization. The transportation authorization will be required to be maintained through the entire contract period. Failure to arrive with and maintain the transportation, driving and housing authorizations will result in the immediate dismissal of the crewleader for being in violation of MSPA. Crew members may be hired as individuals.
- 2. Any and all supervisors or drivers employed by the crewleader must be properly registered and have current and valid Farm Labor Contractor Certificate of Registration, or Employee Cards as required by MSPA.
- 3. Recruitment of qualified workers.
- 4. Furnish grower with names, addresses and social security numbers of all members of the crew upon arrival at the work site. The social security number is required to be furnished under the authority of law.
- 5. Transportation to workers from point of recruitment to job site and return to point of recruitment at end of employment period at no cost to the workers.
- 6. Transportation of the workers from the camp to the field each workday at no cost to the workers.
- 7. Any transportation of workers as described in numbers 6 & 7 above by the crewleaders (or the crewleader's employee) to be done only in properly licensed vehicles with adequate insurance coverage as required by law, and properly registered with the Department of Labor and listed on a Transportation Authorized Card, as required under MSPA.
- 8. Supervision of the workers on the job site to insure that work is completed to the specifications set by the grower.
- 9. Supervision of the workers in the camp area, and insure that sanitary conditions are maintained. Housing will be approved by the Virginia Department of Health prior to

the arrival of the workers. It will be inspected on arrival of the crew by the grower and crewleader and again at the time of departure of the crew. Crewleader will be held responsible for any damages attributable to the crewleader or any member of the crew over and above normal usage depreciation. Housing may be inspected periodically by the Labor Department, Health Department and the owner. Crewleader will see that the housing occupied by the crew is kept reasonably clean and in sanitary condition, that all garbage, bottles, cans, etc., are removed at least once per week and properly disposed of according to arrangements made with the grower.

- 10. Crewleader will be responsible for all equipment, ladders, blankets, pillows, bedding, etc., issued to workers by the grower and to be accounted for before final payment is made to the crewleader.
- 11. Payroll information when crewleader negotiates payroll records:
 - a. Crewleader is responsible for and required to submit to the appropriate Federal and State Agencies, amounts due under Federal and State Unemployment Compensation Insurance Laws for all members of the crew.
 - b. Crewleader is responsible for deductions from worker's pay under F.I.C.A. (Social Security) laws and required to remit same to the appropriate taxing authority. Further, the crewleader will be responsible for the employer's portion of the tax due under the F.I.C.A (Social Security) laws, and required to remit same to the appropriate taxing authority.
 - c. If crewleader assumes the responsibility for maintaining the payroll, then the crewleader <u>must</u> provide the grower the copies of <u>complete</u>, <u>detailed and accurate</u> payroll records prior to any payments from grower to crewleader. These records must include at a minimum the following information:
 - Each worker's name, social security number and permanent home address.
 - II) Copies of any work permits required by Virginia Law.
 - III) For each workday, the number of hours of work offered, the number of hours actually worked and the number of units picked by each worker. Any difference in hours of work offered and hours actually worked to be fully explained and written out on daily time sheets.
 - IV) Copy of payroll summary showing the unit rate (or hourly rate) paid to the worker, any make-up pay given workers in order to meet rates guaranteed, the gross payment and all deductions made from each employee.
- 12. Interstate transportation of workers requires compliance with Interstate Commerce Commission Regulations.
- 13. Crewleader <u>must</u> provide each individual workers the detailed payroll information as outlined in sections 12 c (iii) and 12 d (iv) above.
- 14. Grower retains the option of paying workers by individual check or paying the crewleader for distribution to the workers.

Item 3. Workers will be housed without charge in facilities of the Frederick County Fruit Growers' Association at 801 Fairmont Avenue, Winchester, Virginia or housing owned or leased by the Frederick County Fruit Grower's Association or housing owned by the employer (see attached ETA-338). The Frederick County Fruit Growers' housing facilities are shared with the other grower members of the FCFGA and the employer will only be allocated room sufficient to meet his/her requirements, or pro rata share thereof.

All housing complies with applicable Federal housing regulations. Housing consists of frame and cinder block structures as indicated on the attached ES-338. Beds, mattresses, electricity, hot and cold water for bathing and laundry, flush toilets, showers and kitchen facilities are provided without charge by the employer. With respect to crews and crewleaders, kitchen with cooking stove and refrigerator is provided to the crewleader, if available – if not, central dining hall will be used. Cooking utensils must be furnished by the crewleader

At such time the crewleader fails to provide the necessary agreed upon number of workers for a pay period, he agrees t immediately give up control and use of the housing and its related facilities, such as the kitchen, dining area, utensils, parking, office, recreational etc., and return full control to the owner of the camp.

It shall be the employer's responsibility to continue to employ the remainder of the crew, and to find comparable housing elsewhere at no cost to the workers. Any crew that is required to relocate will be placed in comparable housing that has been inspected and has been found to be in compliance with Federal Regulations at 20 CFR 654.403 (a) (2).

Any crew which the employer has previously agreed to hire through his/her job order which arrives initially to occupy his/her housing with less than 75% of the requested number of workers may be refused the use of the housing. Said crew or its members will be offered jobs, but may be placed in comparable housing instead of that previously designated in the job order. The purpose of this paragraph is to enable the owner of the housing to make full and complete use of his camp during harvest for housing the necessary complement of workers.

For workers recruited under this job order, the owner of the housing shall within 48 hours of occupancy by the worker post a legible notice in a prominent place at the housing site, with a copy thereof furnished to the local office of the Virginia Employment Commission, stating the particular days and times of the day or week that the housing premises will be open and available for qualified social workers to enter thereon to offer and provide the services to which the workers are entitled. Such notices shall not be unreasonably restrictive in its content. The purpose of said notice is twofold:

- 1. To inform agencies of times they may expect to find workers at the housing site.
- 2. To inform workers when to expect the agencies to appear to furnish them services to which they are entitled.

The employer shall provide a suitable burial for the worker is he or she dies during the continuance of the worker's employment hereunder, or in lieu thereof at the request of the next of kin, pay the cost involved in the preparation and transportation of the deceased to the place of origin

Item 4. Employer is responsible for making arrangements for feeding workers or provide kitchen for cooking. Worker will purchase and prepare own meals in designated kitchen unless a dining hall is available. The charge for three meals per day must not exceed the cost to provide said meals. Meals will be available on a weekly basis in the central dining hall at a cost of \$9.25 per day, which amounts to \$64.75 per week. Varied nutritional menus each day consist of two hot meals and a packed lunch. Individual workers are fed in the central dining hall. Due to health and safety regulations, no cooking will be permitted in rooms. Workers who decide not to eat in the central dining hall must notify the Frederick County Fruit Growers' office a week in advance so the meal charges will not be deducted from their pay.

With respect to crewleaders and workers who are members of crews, crews that are housed in grower housing will be provide meals by the crewleader at a charge not to exceed the cost to the crewleader

Item 5. Referral of individuals shall be made through the Winchester Office of the Virginia Employment Commission in order to ascertain current employment, crop and housing information and to enable proper

arrangements to be made. It will be the responsibility of the applicant office to inform applicants of the terms and conditions of the Clearance Order. When possible, a translator will be made available. The employer will be available for interviews between the hours of 9:00 A.M. and 4 P. M. Monday through Friday. The Frederick County Fruit Growers Association, as agent, may assist in this process.

The Clearance Order does not constitute an agreement or contract between the employee and the employer until such time the employee has actually worked and has been placed on the payroll of the employer.

Employer agrees to provide each worker hired under this Clearance, no later than the first day of work, a copy of the complete work contract between the employer and the worker.

Item 7. Individual workers are preferred, however, the employer will accept crews with small families. Due to a lack of unlimited housing, all applicants may not be able to be accommodated.

Item 8. A worker may be offered more than 8 hours work per day and, in an emergency, a worker may be requested, but not required to work on his/her Sabbath.

Item 10. using 24' ladders when necessary. The average length of ladders runs from 16-24' in length and weigh approximately 50 pounds. Fruit must be picked in picking bags or buckets which are attached to the body with a shoulder harness and weigh approximately 30-50 pounds when full. When filled with fruit the bags or buckets are to be emptied into field bins by releasing an opening at the bottom of the bag or bucket. Workers may be requested to pick the entire tree or to spot pick. Primary duty will be to harvest fruit, however other harvest related duties may be offered including related tasks involving the operation of tractors or hand operated equipment at \$8.51 per hour. The worker places ladder firmly against or within the tree in a secure position so as not to break limbs or knock off fruit and to prevent slipping or falling. All fruit must be handled with care to avoid bruising. Each worker 's tree will be picked according to instructions given each day by the orchard supervisor. Workers will be directed to strip all fruit from the tree at one picking or to selectively pick according to size and/or color depending on crop conditions and state of maturity. Drop picking is done only at the specific instructions of the grower. Fruit picked as juice must not be mixed with fresh market or processing fruit.

Job performance requires visualization of apple size and coloration (spatial perception) and the ability to identify size, shape, cuts and surface defects (form perception) when harvesting apples. Removal of unbruised apples (with reach, lift, and twist) from branch with stem attached requires eye-hand coordination and manual dexterity. Eye-hand-foot coordination is required for balance and ladder climbing to ensure safety and efficiency. Color matching (color discrimination) is needed to identify apple color requirement specified by supervisor

Individual workers are supervised by the employer, or his supervisor, who provides daily transportation, training, job instruction and who keeps payroll records. With respect to crewleaders and workers who are members of crews, the crewleader will supervise those workers in the crew and may be responsible for transporting the crew from the area of recruitment to the areas of employment as well as the daily transportation of workers to the orchard.

The employer or employer's agent will demonstrate to the worker proper picking or processing techniques and will periodically monitor the worker's performance. Additional instruction will be provided as necessary during the 24-hour training period. The employer maintains the right to dismiss a worker, who after the 24 hour training period, continues to exhibit, upon inspection, excess bruising defined as that above the USDA Standard for #1 grade packing fruit.

The employer maintains the right to refuse to accept an obviously unqualified worker or to discharge a malingerer or recalcitrant worker who is physically able but does not demonstrate the willingness to perform the job of picking apples.

All tools, supplies and equipment required to perform the duties assigned the worker will be provided by the employer without charge, including deposit charge.

All terms and conditions included in this job order will apply equally to all workers, domestic and foreign, employed under this job order

Item 11. Each worker is paid on a piece rate basis, and will receive \$.58 cents per 2419 cubic inch box of fruit picked. A 2419 cubic inch box is equivalent to 1 1/8 bushels. The minimum rates above 2419 cubic inch box will be paid, but depending upon the following conditions and/or factors, a higher wage, to range from 1 cent to 10 cents per 2419 cubic inch box, may be offered at the time and block when those conditions and/or factors occur: Need for bruise-free picking-definitions: refer to USDA Standard for U.S. extra fancy grade packing fruit (depth of bruise 1/8 inch; area one bruise-5/8 inch, an aggregate area ½ inch); hardship-when a worker is required to pick a portion or the employer's orchard, as determined by the employer, in which trees contain an average of less that 30% of a full crop; special handling-example: sort hail damaged fruit; spot picking-example: requiring the worker to harvest only certain apples from the tree based on size and/or color, as determined by the employer; completion of the season. The worker will be notified prior to picking each special area as to the rate of pay. In the event the piece rate per box does not produce the current adverse hourly rage, the employer agrees to guarantee all workers employed in the 2006 season a minimum of \$8.51, which is the adverse effect wage rate, or the prevailing hourly rate as established by the Department of Labor. Other harvest-related duties, which may be offered, will be paid at the hourly rate of \$8.51. If a higher or lower minimum wage applicable to the employer covered by the job order is promulgated during the period of employment covered by the job order, or, at the discretion of the employer, lower wage standard will apply to employment beginning on the effective date of any such new wage statement.

*As required by regulations the estimated hourly wage rate equivalent is \$8.51. This wage is not a guarantee as crop conditions vary from year to year. The employer agrees to guarantee all workers in 2006 season a minimum of \$8.51, which is the guaranteed minimum hourly wage.

The employer guarantees to offer the worker employment for at least three fourths of the work days of the total period of employment and all extensions thereof are in effect beginning with the first work day after the arrival of the worker at the place of employment and ending on the termination date specified in the job order or in its extension if any. The worker is covered by worker's compensation, which is provided by the employer.

Without prejudice to the employment guarantee for opportunity of doing not less than 75% of full time work during the total employment period, the employer shall provide sufficient work to enable the worker, being willing and able to work, and reporting for work at the job site during specified hours work is available, to earn a sum not less than the sum of \$84.00 (hereinafter referred to as "the stipulated minimum earnings") in respect of each period of two weeks or pay the worker and allowance of a sum which together with the sum earned by the workers during such period will equal the stipulated earnings; or if the workers have had no opportunity to earn any wages during such period, the employer shall pay to the worker a sum in the amount of the stipulated minimum earnings.

Workers are paid weekly. The employer retains the option of paying the workers by individual check or, for workers who are members of crews, paying the crewleader. If the payment to the members of a crew is made by payment to the crewleader, then the crewleader assumes the responsibility of paying the members of the crew. The employer or, where applicable the crewleader will furnish to each worker on each payday at itemized accounting of all earnings and of legal and authorized deductions. To the extent permitted under Federal and State net wage requirements if so requested by the worker, the employer will transfer certain amounts of earnings in a manner consistent with the worker's instructions. The employer is subject to Federal Minimum Wage laws. The piece rate shown on this order is not below the prevailing rate in effect at the date of this job order.

The following provisions apply only to crews and crewleaders: The employer agrees to pay the crewleader an override ranging from 2.4 cents to 14 cents per 2419 cubic inch box, said fee is negotiable according to the number of functions performed such as: supervision, transportation of crew, record keeping, paying of workers, insurance and assuming OASI deductions. This range is offered solely because it is required by the Department of Labor based upon a survey the growers have not seen. The growers reserve their rights to challenge this required crewleader override, if growers determine such survey to be invalid. That further, the crewleader shall be responsible for the payment of OASI and

Unemployment Insurance Taxes, and shall present evidence to the grower, including but not limited to, Federal and State Employer Identification number, that the crewleader is in fact paying taxes.

Item 12. The employer agrees to reimburse individual workers for reasonable transportation expenses and no less than \$9.25 per day for subsistence expenses from the worker's place of recruitment to Winchester, Virginia, who continues under employment for a period of (15) consecutive calendar days, or 50% of the employment period, whichever is shorter. Those workers paying the transportation and reasonable subsistence expenses from the place of recruitment to Winchester, Virginia who are unable to complete the minimum employment for legitimate medical reasons sustained or contracted after arrival, shall also be reimbursed for the same. If, before the expiration date specified in the work contract, services of the worker are no longer required for reasons beyond the control of the employer due to fire, hurricane, or other act of God which makes the fulfillment of the contract impossible the employer may terminate the work contract. In the event of such termination of a contract, the employer shall fulfill the three-fourths guarantee for the time that has elapsed from the start of the work contract to its termination. In such cases the employer will make efforts to transfer the worker to other comparable employment acceptable to the worker. If such transfer is not affected, the employer shall:

- (i) Offer to return the worker, at the employer's expense to the place from which the worker, disregarding intervening employment, came to work for the employer.
- (ii) Reimburse the worker for full amount of any deductions made from the worker's pay by The employer for transportation and subsistence expenses to the place of employment, and
- (iii) Notwithstanding whether the employment has been terminated prior to completion of 50% or the work contract period originally offered by the employer, pay the worker for costs incurred by the worker for transportation and daily subsistence from the place from which the worker, without intervening employment, has come to work for the employer to the place of employment. The amount of transportation payment shall be no less (and
- (iv) shall not be required to be more than the most economical and reasonable similar common carrier transportation charges for the distances involved).

In the case of a legitimate medical termination or in case of termination as a result of an act of God, as certified by the Regional Administrator, the employer will also provide or pay the cost of return transportation and subsistence enroute from place of employment to the place of recruitment, except when the worker is not returning to the place of recruitment and subsequent employment with an employer who will bear transportation expenses. The employer shall provide living accommodation and subsistence for the worker from the date of termination of work opportunity, other than for cause, until pursuant to arrangements made by the employer, the worker leaves the place of employment for his return journey to the place of his recruitment. If the worker completes his employment, the employer will provide or pay the cost of return transportation and subsistence enroute from the place of employment to the place of recruitment except when the worker is not returning to the place of recruitment, and subsequent employment with an employer who will bear transportation expenses, in any case reimbursement will not exceed inbound cost. If the worker voluntarily abandons his employment, or is terminated for cause prior to completion of the period of employment, the employer will not be responsible for providing or paying the cost of return transportation and subsistence enroute from the place of employment to the place of recruitment. All transportation provided by the employer will be by common carrier or other transportation facilities which conform to applicable regulations of the Interstate Commission.

Transportation from the worker's on-the-job site living quarters to the place where the work is to be performed will be provided by the employer without cost to the worker.

I, Russell Orchard, as the employer agree to abide by the regulations at 20CFR 655.103, Assurances and 20CFR 653.501.

I hereby request permission for conditional entry into the intra/interstate clearance system so that my job order can be transmitted to labor supply states in a timely manner to facilitate the recruitment of supply workers. My housing was in compliance in 2005, but because of disuse, cannot meet applicable standards at this time.

As a condition to placing my job order into clearance I, certify that 20 days prior to occupancy my housing will meet standards of the U.S. Department of Labor.

I also authorize representatives of the State Employment Service, the State Health Department and/or U.S. Employment and Training Administration to inspect the housing I am offering at a reasonable time to verify its condition.

I expect my housing to be occupied by _____

Recruitment Plan 2006

Regulations require recruitment to be done "to an extent no less than that of non-H-2A agricultural employers of comparable or smaller size, in the area of employment."

Based on information received from the Virginia Employment Commission staff and area non-H-2A agricultural employers, the general recruitment policies are:

Either contact last year's workers and/or crewleaders or are contacted by those workers and/crewleaders.

Those growers who use crewleaders work with the same people year to year.

Some growers place an ad in the local newspapers

Based on this information, we are submitting the following plan:

- 1. Last year's workers and/or crewleader are being/will be contacted.
- 2. Employment Service office in labor surplus areas, as designated by DOL, are being/will be contacted.
- 3. Large ads will be placed in two area newspapers.
- 4. Regular contact will be kept with local and state employment offices.
- 5. New sources of labor will be explored as information is received.

Total # Workers on This Request 32 Total # of Labor Force Required 32

Employer's Statement Pursuant to 20 CFR Section 655.101 (a) (2)

The undersigned employer, pursuant to 20 CFR Section 655.101 (a) (2), does hereby authorize the Frederick County Fruit Growers Association, Inc., to act as my agent and on my behalf for the purpose of signing and filing an Application for Temporary Alien Agricultural Labor Certification and to do any and all other acts necessary to pursue and obtain such Certification. My said agent is specifically authorized to make hiring commitments on my behalf; provided however, that my agent is specifically not authorized to hire, pay, fire, supervise or otherwise control the work of any employee.

As employer, I assume full responsibility for the accuracy of the Application, for all representations made by my said agent on by behalf, and for the compliance with all regulatory and other legal requirements.
